

ABERCROMBY'S AND UNI BLUES KICKING GOALS TOGETHER

The partnership between Uni Blues and real estate agents Abercromby's broke new ground over the weekend when Rob Vickers-Willis of Abercromby's successfully sold the family home of Blues' club stalwart Dave Phefley and his wife Helen.

Not only was the result a pleasing one for both vendor and agent, it delivered a welcome contribution to Uni Blues' bottom line. Under the club's partnership with Abercromby's, the Blues net an additional financial benefit from all property sales undertaken on behalf of members of the club's extended family.

Uni Blues President Tony McInerney confirmed the value of the club's ongoing association with Abercromby's. "Uni Blues is really pleased to have the continued support of Abercromby's for the coming 2011 season. Parents and friends of the Blues who may be looking to sell a property should take advantage of the superb service offered by Rob and his team."

Rob Vickers-Willis invited other Blue Bloods to follow Dave Phefley's lead and experience the assistance that Abercromby's can provide. "From discreet non-publicised promotion to high-end marketing, we tailor the sale of your property to your needs. Our exclusive connections mean your home will be seen by genuine buyers through our extensive local, national and international connections."

To discuss your property needs with Rob – be it selling or leasing of your property, please call him on 0412 210 066 or email robvw@abercrombys.com.au for a confidential discussion.
